DEPARTURES. BY TRAVES & CO.'S HAMILTON LINE: W W Woodruff ET GILMER AND SALISBURY'S SALT LAKE LINE Ed Hawkins

Sanday and Monday the thunder storm was of a very severe and dangerous character. On both occasions torrents of rain fell, accompanied with fearful peals of thunder and terrific flashes of lightning. Several casualties occurred. On Sunday, about half past 11 a. m., Mrs. Holland, the lady of one of the proprietors of this journal, was standing pear the iron water-pipe in her kitchen, when a stream of fire suddenly flashed from the pipe and enveloped her with flame, burning her clothes and person very severely. The force of the explosion was so great that it took her off of her feet and threw her some eight or nine feet. For a few minutes she was stunned and helpless, but assisted by her daughter and some neighbors, she was revived and medical assistance sent for. Drs. Philson and Lee attended promptly and did everything that was possible to be done under the circum-stances. Though dazed and dizzy from the severe shock caused by the lightning, Mrs. Holland did not become uncon-scious, but gave a very clear account of the terrible occurrence. We are glad to say that, though necessarily suffering greatly, she will not suffer any perman-ent injury. Her escape from instant death seems almost miraculous. The stove and the metal kitchen utensils were charged with electricity, for while at-tending Mrs. Holland, Dr. Philson had occasion to go into the kitchen, and happening to touch the stove, he received quite a sever shock. The lightning struck the hill above Panaca. Flat with tremendous force, for a mo flat with tremendous lorce, for a mo-ment the whole mountain seemed to be alive with lightning, while the peals of thunder were absolutely deafening. Yes-terday early in the afternoon a similar terday early in the afternoon a similar visitation occurred. Masses of clouds came up rapidly from the northwest, the rain falling in torrents, accompanied with tremendous flashes of lightning and awfully loud bursts of thunder. Mrs. Caldwell, who lives on Meadow Valley street, was thrown from her feet and very much shaken by a blinding flash of lightning, which struck the ground close to her. We are pleased to say that she speedily recovered from the effects of the shock. At the lower end of town, on the flat, a house occupied by Mrs. Johnson, was struck and considerably injured by the lightning; luckily the occupants were absent, and so escaped any hurt. A cabin on the hill, at present untenanted, was also struck and a portion of it destroyed. The water a portion of it destroyed. The water came down Main and other streets in a torrent. On the space between Cedar and Meadow Valley streets, the water and Meadow Valley streets, the water washed down,in large volumes. A quan-tity passed through Mr. Poudjade's store, and also the lower floor of Mrs. Caldwell's lodging-house without, how-ever, doing much damage. In China-town and on the flat below, a number of houses were flooded, though not causing flooded, though not causing of damage. Later in the

houses were flooded, though not causing a great deal of damage. Later in the afternoon several heavy showers fell, but none of the destructive character of those we have described.

THOMPSON CAMPBELL, Secretary. THANKS .- Mr. and Mrs. Holland desire to return their sincere and grateful thanks for the kindness of their neighbors for their sympathy and aid, and also to Drs. Philson and Lee for their prompt and skillful exertions in attending to Mrs. Holland when she was suffering from the terrible effects of the

SHIVERED .- Mr. Wyatt, the attentive and obliging operator of the Atlantic and Pacific Telegraph Company, informs us that while out yesterday afternoon look-ing after the line, he found three poles between here and Bullionville that had been shivered by lightning. In fact, the electric fluid is by all odds making itself too familiar to be safe or pleasant.

SLIPPED.-During the storm yesterday a man, while crossing Main street, man aged to make a misstep, and fell at full length into the water. He rose soaked and muddy, and disposed to be anything but smiling and bland.

FURNACE,-We understand that Mr. McGregor and others are building a

small furnace at Highland, with a view of testing the practicability of reducing the base ores of that district by smelting. RANCHING,-Mr. Manown gives notice that he ranches stock on his place, 14 miles north of Pioche. He has good feed, and will take all possible care of stock committed to his charge.

DISTRICT COURT.-The case of McKelvey vs. Nevada Central R. R. Co. is still on trial. The evidence is all in, and the Losr.-Martin Kochersperger has lost

a certificate of deposit, issued in his favor by Wells, Fargo & Co. for \$240. See advertisement. COUNTY COMMISSIONER JONES WAS IN

town yesterday. He reports things at Panaca going on without anything re-markable occurring.

WELLS, FARGO & Co. are thanked for San Francisco papers of a later date than those received by mail.

ILL.-We are sorry to hear that Capt. Carden is sick, and was not able to at-tend the adjourned meeting of the Board of Commissioners.

BULLION SHIPMENT .- Wells, Fargo & Co. shipped yesterday bullion amounting to \$9,013.

MRS. WHYLAND, desiring to close up her business and leave for the East, wishes to notify her friends and patrons that she will sell her large stock of goods very cheap for cash. All must be sold in thirty days. Give her a call. jy9tf M. LEVIN instructs thoroughly on

Mn. MATHEY, the gentleman who was Mn. MATHET, the gentleman who was here some time ago canvassing the propsition for the introduction of gas in this place, returned from San Francisco yesterday morning, his wife accompanying him. He informs us that the project hangs fire for a time, owing to the reductance of his associates to embark in the enterprise until it shall have been demonstrated that the Pancake coal mine is capable of furnishing the requisite coal forgas purposes. Mr. Mathey will, in a few days, make a personal examination of the coal deposits in Panamination of the coal deposits in Pan-cake Mountain. He is satisfied himself on the subject, but his associates seems disposed to move more cautiously. He now estimates that the proposed gas works will cost \$60,000.—[Eureka Sentinel, 18th.
